DETAILED ACTION

The amendment and response filed on 8/20/2010 has been entered.

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms Carol L. Druzbeck on 4/15/2011.

The application has been amended as follows:

In the claims 23-33, 54, and 55 dated 4/5/2010, please insert the word "(New)" in parentheses immediately following the claim number.

Allowable Subject Matter

1. Claims 23-33, 54, and 55 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 23, the prior art of record neither shows nor suggest a method of forming a multi-layer structure for a display panel, comprising, in part, forming a layer having a composition of intermixed first and second components, thereafter forming two substantially separate and distinct sub-layers within the layer, along with the rest of the limitations of the claim.

Art Unit: 2889

Due to their dependency, claims 24-33, 54, and 55 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
